

A ROANCKE HOTEL MAN FINDS WONDERFUL REMEDY FOR CATARRH

Was Bothered So Much Himself
He Was Actually Becoming
Quite Deaf When Friend
Told Him of Remarkable
Medicine For It.

"I used to be hawking and spitting constantly during the day and at night my head would clog up, making me nervous, restless and unable to sleep at times. Drippings of mucus in my throat made me wake up each morning with a nasty breath and bad tasting mouth. I had catarrh so bad it began to affect my hearing and I was considered 'quite deaf,' says a well known hotel proprietor of Roanoke, Va., Mr. Jos. B. Kennerly.

"Then one day a friend told me about Acid Iron Mineral and how this iron was gotten out of the earth and then concentrated and he said it was powerful stuff. He told me it would help my catarrh if I snuffed a little mixed in water as strong as I could stand. I started doing that and was amazed how few drops I could stand time on time and sleep from that time on was easy and restful. Breathing was free and my hearing was vastly improved. I certainly consider it a wonderful remedy for catarrh. I don't know whether many people take it for that, but it surely does the work. I gladly recommend it to others troubled as I was," declared Mr. Kennerly.

Note:—Hundreds of people have indorsed Acid Iron Mineral for catarrh. Folks wishing to get immediate relief should try it. Don't put more than a few drops in a glass of water at first. Increase the amount of iron each day for a few days and you'll be amazed at results. Incidentally, it might be mentioned that nothing under the sun is better than Acid Iron Mineral for sore throat. A little diluted and gargled stops swelling and heals quickly. A swallow or two won't hurt anyone.

Being just plain, natural iron, concentrated, it's about the handiest remedy about the house and you'll find the A-I-M trade mark is your guarantee of strength and quality. All druggists have it. Sold in Chattanooga by Live and Let Live Drug Co.; East Chattanooga by Avondale Pharmacy; Huntsville, Ala., by J. D. Humphrey & Son, and good druggists everywhere. (Adv.)

We Are No Stronger Than Our Fighting Blood

Physical Fitness Our Sole Reliance.

The great world struggle will be won by stamina. Courage without physical fitness is absolutely worthless. That is why our great army is made up only of men who are without the slightest physical defect.

But there is a constant warfare closer home, that you are vitally interested in. It is the warfare of disease against your health, a struggle that is always going on, and one for which you must always keep your system prepared.

And your blood supply is the fortress upon which you must depend. If it is kept pure and free from any influence, the germs of disease cannot find lodgment, but are

CHATTANOOGA BOY GETS MEDAL

Son of Capt. G. M. Brown,
Member Jupiter Crew, First
to Run Blockade.

Henry Clay Evans Brown, son of Capt. and Mrs. G. M. Brown, of Chattanooga, has the distinction of being the first Tennessean to be awarded a silver medal of honor in this world-wide war. The young man's father, Capt. Brown, of fire engine company No. 1, is equally proud of the gallant conduct of his son which is evidenced by the presentation of this medal.

Young Brown is a member of the crew of the Jupiter, the first vessel to run the German submarine blockade in the world-wide war, from which the first shot of war was fired after America entered into the conflict.

All of the members of the crew were awarded medals and young Brown has sent his home to his father, which is now on display with his picture in Edwards & LeBron's jewelry store window on Market street. On one side of the medal is engraved "Attached to the first American naval vessel to run the German submarine blockade off the coast of France in the great world war. H. C. E. Brown."

On the other side are these words: "To make the world safe for democracy. I am doing my share. U. S. S. Jupiter."

Young Brown entered the naval

Give The Stomach A Chance To Work

We can't expect the stomach to act normally if the natural avenues of elimination are blocked so it cannot dispose of its refuse. When the bowels are constipated the stomach is called upon for work beyond its capacity and the result is bloating, belching, headache, and general discomfort. Unless the condition is promptly relieved, serious illness.

An effective remedy for constipation is sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin. It is a combination of simple laxative herbs with pepsin that acts on the bowels in a gentle, natural manner, without griping or other pain or discomfort, affording speedy relief. Get a bottle of Dr. Caldwell's Syrup Pepsin from your druggist and have it in the house when you need it; it costs only fifty cents and is the ideal family remedy, mild enough for children and old people, yet sufficiently powerful for the strongest constitution. A trial bottle, free of charge, can be obtained by writing to Dr. W. M. Caldwell, 456 Washington St., Mendocino, Illinois.

HENRY CLAY EVANS BROWN

Son of Capt. George M. Brown Receives Medal for Gallant Conduct at Sea.

service in the year 1915 and has since that time been on duty on the Jupiter. He is 27 years old.

At the time the Jupiter ran the German blockade early in the spring of 1917 it will be remembered that she was carrying a large supply of wheat, iron and steel to France.

The Jupiter is not a fighting vessel, but a supply carrier, and merely carries guns for protection. She left Halifax three days before the big explosion, and returned there last week. One of the duties of the supply boat Jupiter is to supply all the fighting vessels with food and coal.

WILSON'S TERMS WAR AND PEACE ARE ACCLAIMED

(Continued from Page One.)

The German people the fact "that their sufferings will continue in ever-increasing severity until the Kaiser accepts the principle of right over might."

Only a small portion of President Wilson's address to congress arrived in time to be printed in the first editions of the London morning newspapers and was not given special prominence. The principal pages of the second editions, however, were recast completely to enable a big display of the main parts of the address, which evidently is destined to cause an equal or greater sensation than the speech made Saturday by Premier Lloyd George.

In the introductory notes the president's address is called epoch-making and the item in the program referring to freedom of the seas is made conspicuous by large headlines.

"The Daily Chronicle in an editorial note in which it defers full comment until tomorrow, expresses 'keen satisfaction that President Wilson has once more seized a great occasion in order to give the lead, not only to his own nation but to the conscience of civilized mankind.'"

"The effects produced by Premier Lloyd George's statement," it adds, "must be strengthened and deepened immensely by the appeal in which President Wilson again has exerted his unique authority both moral and political, as the spokesman for the future of a new world which is struggling to be free."

ATTENTION, PROPHETS!

All members of Tu-o-Kool Grotto are requested to gather at the hall Wednesday night at 8 o'clock to attend a special called meeting.

J. S. ALLEN, Secretary.

TROTSKY CONVINCED ENTENTE'S DESIRES

London, Jan. 9.—Leon Trotsky, the bolshevik foreign minister, is convinced that the entente governments wish to make an advantageous separate peace with Russia so that Germany will agree the more willingly to surrender what the allies want in the west, according to the Petrograd correspondent of the Daily News. The foreign minister in an interview said that Premier Lloyd George had made a statement permitting such an interpretation and he spoke along the same lines as an editorial printed earlier in the bolshevik organ, Pravda.

Premier Lloyd George, the correspondent assured Trotsky, had never made such a statement, but the bolshevik leader was hard to convince, and said:

Changes In N. C. & St. L Schedules

Effective Sunday, Jan. 6, 1918, following changes in N. C. & St. L. trains between Chattanooga and Atlanta were made:

Train 93 stops only at Dalton, Cartersville and Marietta, leaves Chattanooga at 7:30 a. m., as formerly, but arrives Atlanta at 11:20 a. m. instead of 11:55 a. m. Train 92 leaves Atlanta at 5:15 p. m., instead of 4:55 p. m., stops only at Marietta, Cartersville, Dalton and Dalton, and arrives Chattanooga at 9:15 p. m., as formerly.

Trains 5 and 6 Extended to Chattanooga

Accommodation Trains 5 and 6, formerly run between Atlanta and Kingston only, have been extended to Chattanooga. Train 5 leaves Chattanooga at 5:40 a. m. and arrives Atlanta at 10:25 a. m. Train 6 leaves Atlanta at 5:25 p. m. and arrives Chattanooga at 10:30 p. m. These trains stop at all points and make direct connections at Kingston with trains to and from Rome.

Train 95 leaves Chattanooga at 4:32 p. m., instead of 4:15 p. m., and arrives Atlanta at 8:40, instead of 8:25 p. m. Proportionate changes at all stopping points.

E. J. WALKER
District Passenger Agent

That is the allied policy.

He added that the attitude of the bolshevik would not be influenced by the attitude of the allied governments but by that of the allied peoples.

Sure Germans Must Need It. Trotsky was asked what hope he himself had of a general acceptable peace. He replied that it was difficult to say because the Germans had not yet offered a chance to make such a peace but he was sure that the Germans must need it.

The Russian foreign minister quoted German deserters as saying that the Germans were unable to remove troops from the eastern front in large units. They are removing them one at a time and the men, knowing where they were being sent, jump from trains in attempts to escape. He reiterated the story that 25,000 German troops had deserted in the Kovno district, adding that the Germans cannot get their own guns to attack the deserters, and are trying to reduce them by starvation.

Asked what terms he actually hoped to get, Trotsky refused to reply and said, laughingly:

Laugh at English.

"If we were really logical we would declare war on England now for the sake of India, Egypt and Ireland."

The Daily News correspondent protested that Great Britain made nothing out of India, to which Trotsky replied:

"Then give up being so altruistic. You English are the most chauvinist nation on the earth without knowing it."

HARDWICK ASSAILS SENATE RESOLUTION

Sees No Need for Control News
Print Paper Industry—At-
tacks Press.

Washington, Jan. 9.—Senator Hardwick, of Georgia, today assailed the senate resolution to have the trade commission take charge of the news print paper industry with an attack on newspapers, and a declaration that regulation of the news print paper situation was no more necessary to winning the war than control of the cotton or potato fields.

"Surely we are not going to send overzealous newspapermen to fight the Germans," he said, "although I would like to take a few and stick 'em in the front firing ranks of the men they've drafted."

"If we could win the war with newspapers we'd have had it won long ago. The trouble is that some of our most valiant newspaper fighters and some newspaper victories don't contribute much to results."

Senator King, of Utah, and Sherman, of Illinois, also asked Senator Smith, of Arizona, in charge of the resolution, why it is any more necessary to have government control of print paper for public safety and defense than of any other business. Senator Smith replied that the print paper industry is trust controlled, and that the government should intervene if the president believes it desirable.

REASON FOR WILSON'S MESSAGE TO CONGRESS

Washington, Jan. 9.—In response to the universal query as to the reasons which impelled President Wilson to make his appearance so unexpectedly before congress again to enunciate the aims of the United States and its co-belligerents, it was stated authoritatively that in the opinion of President Wilson the psychological moment had arrived when it was absolutely necessary to make a strong effort to counteract the evil effects of German duplicity and double dealing upon the Russians who had been charged to meet the trained German negotiators.

PEOPLE OF SICILY SHOW EXCELLENT WAR SPIRIT

Rome, Jan. 9.—Lightner Witmer, psychologist and director of the psychological laboratory and clinic of the University of Pennsylvania, who is a major and deputy American Red Cross commissioner for Italy, returned to Rome yesterday from a tour of inspection in Sicily. He reports a fine spirit of determination among the Sicilian people.

All the hotels in Taormina, a famous tourist resort, have been turned over unreservedly to refugees, while Palermo's historic convent is a haven for homeless Italians from the invaded provinces.

VILLAGES DESTROYED ON WESTERN FRONT

Paris, Jan. 9.—The Rome correspondent of the Marshy Von Hindenburg, according to reliable information which has reached him, 130 villages behind the western front, mostly in the region of St. Quentin, have been leveled to the ground so as to afford better opportunity for defense of the German lines to the rear.

Notwithstanding denials, the correspondent adds, only one-third of the 200,000 Belgians deported to Germany have been permitted to return home.

CONSPIRACY TO SELL GUNS AND CLOTHING

Three Men Arrested as Result
of Investigation—Amount
of \$285,000 Involved.

Los Angeles, Cal., Jan. 9.—Three men are under arrest here today as the result of an investigation into an alleged conspiracy to sell machine guns, ammunition and clothing valued at \$285,000. Machine guns stored in the basement of the federal building here, it is alleged by federal officials to a government agent appearing to them as a "buyer" are reported to have led to the arrests. The men held are Nicholas Senn Zogg, N. A. Myles and Joseph Collins.

According to the federal officials, the arms and ammunition were offered for sale for the purpose of starting a revolution in Mexico.

DUKE OF DEVONSHIRE PAYS COURTESY CALL TO PRESIDENT

Duke Expected to Deliver an Address
Before the National Press
Club.

Washington, Jan. 9.—The Duke of Devonshire, governor-general of Canada, accompanied by the Duchess of Devonshire, arrived in Washington last night to pay a call of courtesy to President Wilson. While here the duke and duchess will be the guests of Sir Cecil Spring-Rice, the British ambassador. The duke is expected to deliver an address before the National Press club. For many years he has been customary for the Canadian governor-general to call upon the president of the United States as soon as convenient after his installation at Ottawa.

LEASE WILL BE PROTECTED

So Says Hon. G. G. Jordan,
Member Western & Atlantic
Railroad Commission.

Columbus, Ga., Jan. 9.—Government control of the railroads will have no effect on the conduct of the state's road, which is being operated under a lease by the Nashville, Chattanooga & St. Louis railroad, according to a statement made this morning by Hon. G. G. Jordan, a member of the W. & A. railroad commission.

Mr. Jordan referred to the fact that under the plan adopted by the government, which is that the government is to guarantee to the owners their incomes from such investments, the lease made by the state to the lessees will be protected in like manner.

"The contract made with the Nashville, Chattanooga & St. Louis railroad is a solemn document. It is securely locked in the archives of the state along with the constitution, and has a \$500,000 bond attached to it," stated Mr. Jordan.

The much-talked-of elimination of terminals in Atlanta is all bosh, according to local opinion, and is being used by newspapers to create talk.

In this connection, Hon. C. Murphy Candier, chairman of the state railroad commission, stated in an interview given out before President Wilson went before congress with his railroad plans that the whole matter is naturally clouded at present.

"It is a situation that must be

worked out by degrees and not jumped at in the dark, so to speak. The whole thing will adjust itself gradually as soon as the general plan is worked out on the basis of the fundamental idea on which the government assumed control of the transportation lines." The Western & Atlantic railroad lease made by the state to the Nashville, Chattanooga & St. Louis railroad is effective in 1919 and provides for the expenditure by the lessees of about \$2,000,000 for improvements. These improvements, it was understood at the time the lease was made, include the erection of a new terminal in Atlanta, as well as the betterment of the road's facilities generally.

LOOK TO GERMANS TO END AWFUL CHAOS

London, Jan. 9.—The situation in Petrograd is depicted in the most gloomy colors by the correspondent of the Times, who in a telegram dated Monday, the Russian Christmas, says that no Christmas in 300 years has been celebrated in such tragic circumstances. Petrograd, he adds, is full of dirt, disorder and crimes.

Burglary, robbery and murder in the most audacious forms prevail to an extent hitherto unknown and there is no police or other authority to which to appeal.

The food situation is very critical, he says, and starvation appears to be staring the people in the face.

The wretched conditions of existence have been aggravated by blinding snowstorms drifted by violent winds for three days and nights with the temperature at 14 degrees Fahrenheit. The correspondent of the Times thus sums up the general position of the country:

"Russian affairs have become so desperate that only the intervention of the allies or the Germans can prevent catastrophe. As this can no longer be expected from the allies, the disheartened Russian looks to the Germans to put an end to the awful chaos in which the country now is involved."

Soap 25c. Ointment 25 and 50c.

TO CUT SHORT A COLD TAKE A CALOTAB

The New Calomel Tablet That
Is Entirely Purified of Nauseating and Dangerous Qualities.

Of all the medicines in the world the doctors prize calomel most highly to break up a cold overnight or to cut short an attack of grippe, sore throat or a deep-seated cough and possibly to prevent pneumonia. Now that all of its unpleasant and dangerous qualities have been removed, the new kind of calomel called "Calotabs" is the doctors' ideal treatment for colds, etc.

One Calotab on the tongue at bed time with a swallow of water,—that's all. No salts, no nausea nor the slightest interference with your eating, your work or pleasures. Next morning your cold has vanished and your whole system is purified and refreshed. Calotabs is sold only in original sealed packages: price thirty-five cents. Your druggist recommends and guarantees Calotabs by refunding the price if you are not delighted. (Adv.)

1918 Marks the Beginning of This Firm's 40th Successful Business Year

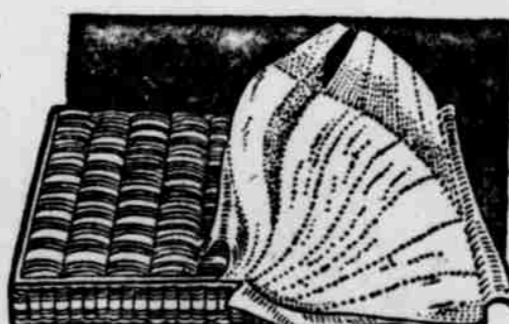

For this long period we have been supplying Chattanooga and surrounding towns with the better grade of furniture, always giving the highest quality for the price paid and rendering a service that has justly given us a reputation as "one of the country's most reliable firms." In fact, that is the cause of our forty successful years.

Every January and July we "carry on" sales, and only during these two months when we offer

10% to 50% Discount on Every Article in Our Stock

This year of all years, our customers should take advantage. Remember, every piece is included, with AT LEAST 10 PER CENT. OFF the regular price.

Mattresses

This mattress is built in eight layers of cotton and is guaranteed forever not to lump. Before the recent advances in cotton we made and stored an immense quantity of these mattresses and are thereby able to offer them at the old price. As soon as these on hand are sold we will be compelled to ask \$22 for the same thing. Now they are **\$14.75**
